## Direct Admission Program

Our **Direct Admission Service** provides a referral line to allow rapid admission to a wide continuum of healthcare services, 24-hour nursing care and rehabilitation therapy with state-of-the-art equipment. Direct admissions from emergency departments, home-health agencies, primary care physicians, and others are accepted following a brief admission screening.

## Short-Stay Program

**For the Times You Need to Be Away.** Do you care for yourself as well as you care for your family member? As a primary caregiver, it is important to take a break from the daily routine. Temporary care is available close to home. Our Short-Stay Program always strives to offer complete support for you and your family by providing short-term, temporary care to give you a break from the daily routine of care giving. Whether you want to take a family vacation, or just a few days of time off, we can customize a schedule to meet you and your family member's needs.

*Please call the center to set up a tour and to discuss how our Short-Stay Program may be right for your family.*
